

Name of competition: Scientific Reel Making.

Mode of competition:

1. For the competition, the students have to send a reel in the below prescribed format. Submissions are made via mail to manasi.patil@fs.sguk.ac.in
2. The video will be evaluated based upon “**Subject Relevance**”, “**Creativity & Innovation**”, “**Scientific Authenticity**” and “**Technical Quality**”.

Rules & regulations of competition:

1. **Format:** Portrait mode (9:16 aspect ratio) is standard for reels.
2. **Duration:** Most competitions require videos to be between **30 and 60 seconds**.
3. **Resolution:** High resolution (at least 720p or 1080p) in MP4 format is typically mandatory.
4. **File Size:**
5. **Language:** Entries are generally accepted in English, Hindi or Marathi, with captions often recommended for accessibility.
6. **Age:** 13–25 years.
7. **Subject Relevance:** The reel should address the scientific theme or problem.
8. **Creativity & Innovation:** Use of unique visual storytelling, animation, or experiments.
9. **Scientific Authenticity:** Use of factual information and proper citations where applicable.
10. **Technical Quality:** Editing skills, audio clarity, and visual presentation will be seen.
11. **Disqualification:** A submission will be disqualified if:
 1. The participant fails to comply with any of the above rules and requirements.
 2. The reel is found to be copied, plagiarized, or sourced from any existing platform or third party.
