

Sci-STAR2026 Quiz Competition
Objective, Categories, Topics, Rules & Regulations, and Instructions.

Objective:

The objective of the quiz competition is to:

- Encourage knowledge acquisition and enhance general awareness among participants.
- Provide a platform for testing participants' knowledge in a wide range of subjects.
- Promote a competitive yet educational environment to challenge participants on diverse topics.

1. Categories for Participation

- 11th & 12th Grade Students (Science Disciplines).
- Graduates from all disciplines.

2. Topics

The quiz will cover general Science knowledge topics such as:

- Physics
- Chemistry
- Botany
- Science and Technology
- Environment and Sustainability

3. Rules & Regulations Round I (Online)

Eligibility: Open to individuals from the specified categories.

Quiz Format:

- The quiz will consist of 35 multiple-choice questions (MCQs).
- Participants will have 20 minutes to complete the quiz.
- Each question will have four options; only one is the correct answer.

Timing:

- The quiz duration is 30 minutes. Once started, the timer will count down and cannot be paused.

4. Scoring:

- Correct Answer: 2 points
- Incorrect Answer: No negative marking
- Unanswered Questions: No points awarded or deducted.

4. Medium:

- The quiz will be conducted online via a designated platform. Participants must ensure they have internet access and a functioning device.
- **Quiz Link:** <https://forms.gle/TbgazXWtEG3tN4P49>

5. Judging Criteria: Accuracy of Answers (100%)

- The participant with the highest score will be eligible for round II.

6. Deadline: All participants must complete the quiz before the deadline specified on the event day.

Round II: In-Campus (Online)

• **Eligibility:** The shortlisted participants of round I are eligible for round II.

7. Quiz Format:

- The quiz will consist of 50 multiple-choice questions (MCQs).
- Participants will have 30 minutes to complete the quiz.
- Each question will have four options; only one is the correct answer.
- **Timing:** The quiz duration is 30 minutes. Once started, the timer will count down and cannot be paused.

8. Scoring:

- Correct Answer: 2 points.
- Incorrect Answer: Every wrong answer will result in a (-1) negative marking.
- Unanswered Questions: No points awarded or deducted.
- In case of the same mark's students, who have solved the quiz fastest, will be declared the winner.

9. Medium:

- **The quiz will be conducted in offline mode at the SGU campus on 07/02/2026 day of the Sci-STAR2026 event.**

Competition Regulations 10. Instructions to Participants Registration:

- All participants must register via the official quiz Google form by the registration deadline.
- A unique registration ID will be provided during the event.

11. Event Day Requirements:

- Confirm your presence by checking in at the registration desk if needed.
- Bring your ID card for verification.

12. Code of Conduct:

- Participants are expected to maintain integrity and professionalism throughout the event.
- Any form of cheating or dishonesty will result in immediate disqualification.
- Prizes & Recognition:
 - Winner will receive certificates, trophies, and cash prizes.
 - Runner-ups: Trophy and Certificate for notable mentions.
 - A certificate will be provided to all participants who are present for Round II.

All quiz competition rights are reserved with the Sci-STAR2026 event committee.
